Nick –

Thanks for your inquiry. I am going to be sending out some information along with a daily update call for Congressional staff. Please look for that to come your way. Also, thanks for the heads up that Senator McCain and Governor Ducey will be traveling to Window Rock on the Navajo Reservation this Friday to meet with President Begaye.

**Subject:** Animas River

Brent, Senator McCain and Governor Ducey are traveling together on a visit to Window Rock on the Navajo reservation this Friday to meet with President Begaye. I'd imagine Animas/EPA dump will come up given news report say the plume is entering the reservation and Glen Canyon. Can we get an update and regular updates on this please? What is EPA telling the tribe, doing for them?
